

TOWN HALL

Valley View Area | Notices | June 13th 7:00pm Haven Townhall

Road Condition

Haven Town Board has awarded a bid to overlay your streets. Because this area has no outlet for traffic, the project will cause delays and limited access. The work is planned for later June or July. Check website for notices and updates.

Aligning Mailboxes

Joe Then is the Road Supervisor for this project. The practice of allowing mailboxes on both sides of the road will change. The township will align the boxes to permit single pass mail delivery. This will also improve snow plowing in the winter.

911 Signs / Street

The road project will also cause all 911 signs to be placed at driveway entrances from the street. This might be with your mailbox or might not. Any signs that are damaged or have reflectivity that is below standards will be replaced.

AED Program

Haven’s program flyer is attached. An important factor for a successful launch of the program is involvement from you to support your neighbors in time of need. We do need to raise 10% of the cost to place the unit in your area. Please consider your donation and your willingness to be involved as a trained user of the AED

Road Project- 2023

A new road bed overlay will be completed for Valley View as part of the improvement plan by the Supervisors. You will notice a number of changes that will happen in June and July. This will include the patching of larger sections and a follow-up of a total overlay to level out the surface.

Request to consider single trash hauler

Heavy truck traffic damages your roadway.

- We are requesting a project to have a single hauler service your area.
- This will help extend the life of the roadway and hold off street taxes for years.
- RFP (Request for proposal) is a common tool for getting the best prices and awarding the business with all customers in Valley View.

Sheriff Neighborhood Watch

Sherburne County will be available to discuss the program with us. The area deputy will also attend to answer any questions and get to know the area better.
